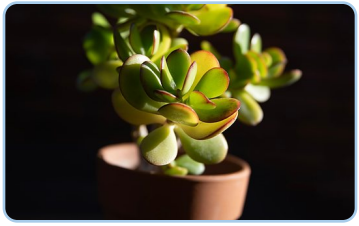
Crassula (Assorted)

Crassula

Plant care guide



SUN
Bright light or part sun

WATER
Low

MATURE SIZE
6 in.–3 ft × 6 in.–2 ft

BLOOM TIME
Grown for foliage

USDA ZONE
10–11

Planting	**Any time in pots.** Plant at the same depth in cactus or succulent mix.
Watering	**Water deeply,** then let the soil dry out before watering again.
Soil & Mulch	**Fast-draining cactus mix** in a pot with drainage holes.
Fertilizer	**Feed lightly** once or twice in spring and summer.
Pruning	Pinch or trim leggy stems; cuttings root easily.
Lowcountry Tip	Frost tender: bring it in below 40°F. Never let it sit in wet soil.
