Planting	**Plant in the right season.** Same depth as the pot, in sun. Space about 1 ft apart.
Watering	**Water when the top inch is dry;** most herbs dislike wet feet.
Soil & Mulch	Well-drained soil or a container with potting mix.
Fertilizer	**Light feeding** only; too much food weakens flavor.
Pruning	**Harvest often;** pinch off flower buds on leafy herbs.
Lowcountry Tip	Harvest often to keep plants bushy.
