‘Alphonse Karr’ Bamboo

Bambusa multiplex ‘Alphonse Karr’

Plant care guide

SUN
Full sun to part shade

WATER
Moderate

MATURE SIZE
10–25 ft tall, 4–6 ft wide

BLOOM TIME
Grown for foliage

USDA ZONE
8–11 · fits 8b/9a

Planting	**Spring to early fall.** Dig 2x as wide as the root ball; set it level. Space 4–6 ft apart for a screen.
Watering	First season: keep the root ball moist. Established: water in long dry spells.
Soil & Mulch	Rich, well-drained soil. 2–3 in. of mulch; let fallen leaves stay as mulch.
Fertilizer	Feed spring and summer with slow-release lawn or palm food.
Pruning	Thin old or dead canes at ground level in late winter; trim tops for height.
Lowcountry Tip	Clumping, not running, so it stays where you plant it. Evergreen screen for sun or part shade.
