TAYLOR'S
LANDSCAPE SUPPLY & NURSERY

Trident Maple

Acer buergerianum

Plant care guide

SUN
Full sun to part shade

WATER
Low once established

MATURE SIZE
25–35 ft tall, 20–30 ft wide

BLOOM TIME
Not showy · orange-red fall color

USDA ZONE
5–9 · fits 8b/9a

Planting	**Best in fall.** Dig 2–5× as wide as the root ball, no deeper; set it level or slightly high. Full sun; a tough street or patio tree. Plant 15+ ft from buildings.
Watering	**First months:** keep the root ball moist, not soggy. **Established:** drought tolerant once established.
Soil & Mulch	Clay, loam or sand; acid to neutral. 2–3 in. of mulch, off the stems. Ask us about Taylor's soil and mulch.
Fertilizer	**Water, not food, matters most at first.** Feed only if growth is weak or a soil test calls for it; use slow-release.
Pruning	**Train young trees to one strong leader;** remove narrow crotches.
Lowcountry Tip	Takes heat, drought, salt and compacted soil. Orange-red fall color.
