BLOOM TIME
Summer · cream/tan, yellow

USDA ZONE
5–11 · fits 8b/9a

Planting	**Best in late winter or spring.** Full sun, good airflow. Dig 2–× as wide as the root ball. Space about 4 ft apart.
Watering	**Water deeply 1–2 times a week** at the base, not on the leaves.
Soil & Mulch	Well-drained, organic soil. 2–3 in. of mulch.
Fertilizer	**Spring through summer,** feed with rose food per label; stop by September.
Pruning	**Cut back by about a third** in late winter; remove dead wood.
Lowcountry Tip	Water at the base and give good airflow to limit black spot.
